Units of Study

SDS01 Foundations of Design

Embrace core skills from concept development and drawing to the elements and principles of design. Explore the inspiring world of colour and learn how to create dynamic schemes.

SDS02 Interior Planning and Design

Learn the fundamentals of interior design, site evaluation, space planning for kitchens, bathrooms, living and outdoor spaces and lighting for a range of residential environments.

SDS03 Interior Schemes and 3D Visualisation

Explore all aspects of interior decoration including furniture, textiles, upholstery and window treatments. Visualise your designs in 3D through sketching, model making and perspective drawing.

SDS04 Residential Decoration

Prepare for the world of professional design by working on a real residential project – from initial client briefing right through to the final presentation. Learn the business skills to get started in the industry.

SDS05 SketchUp for Designers

Create realistic floor plans and interior models using SketchUp then apply a rendering tool to enhance your portfolio.

SDS06A AutoCAD and Interior Construction

Learn the fundamentals of interior building construction with AutoCAD. Create an impressive collection of precise residential floorplans and elevations to add to your portfolio.

SDS06R Revit for Designers

Learn how to navigate this essential industry standard BIM modelling software. Design sophisticated interior spaces and create realistic 3D presentations of your working model.

SDS07 Residential Planning

Design residential spaces by manipulating 3D space using extensions, voids and stairs.

SDS08 Advanced Colour and Finishes

With a focus on sustainable design practices, you will explore and develop advanced colour schemes and material selections for interior, exterior and public spaces.

SDS09 Small Commercial Design

Extend your research and conceptualisation skills on a range of small commercial projects. Create dynamic interior, exterior and commercial colour schemes and learn about colour trends.

SDS10 Workplace Design

Explore the exciting world of workplace design. Create a joinery package to showcase your documentation skills.

SDS11 Hospitality Design

Develop and apply your conceptual design skills to a range of hospitality spaces. Prepare a professional resume and portfolio.

SDS12 Hotel Design

Explore the operational and functional aspects of hotel design. Be part of a small design team and learn how to pitch yourself.

SDS13 Retail Design

Extend your knowledge of retail design and embrace the latest thinking on retail roll-outs. Prepare a comprehensive industry standard documentation package to enhance your portfolio.

SDS14 Commercial Design Projects

Explore the specialist areas of aged care, retirement living or education. Develop your signature style with the guidance of an industry mentor through the development of your own project brief.
