/ Intakes in January and July
/ 2 days x 6 months

AUD $11,980

Design Kit AUD $595

Units of Study

SDS01 Foundations of Design and Colour

Embrace core skills from concept development and drawing to the elements and principles of design and composition. Develop an understanding of the design industry, work practices and opportunities.

Explore the inspiring world of colour and learn how to create dynamic schemes. Be introduced to colour theory, schemes and psychology as well as the manipulation of space using colour. Explore the technicalities of paint and develop paint specifications.

SDS02 Interior Planning and Design

Learn the fundamentals of interior design, site evaluation, space planning for kitchens, bathrooms, living and outdoor spaces and lighting for a range of residential environments.

SDS03 Interior Schemes and 3D Visualisation

Explore all aspects of interior decoration including furniture, textiles, upholstery and window treatments. Learn how to construct an interior scheme and present professional sample boards and specifications.

Visualise your designs in three dimensions through sketching, model making and perspective drawing. You will use rendering techniques to create professional presentations for your clients.

SDS04 Residential Decoration

Prepare for the world of professional design by working on a real residential project – from initial client briefing right through to the final presentation. Learn the business skills to get started in the industry.
