

Diploma of
Interior Design

**Diploma of
Interior Design
MSF50222**

Become a creative problem solver with this industry focused qualification. You'll explore a range of residential and commercial design projects including retail, hospitality and office spaces. You'll present your ideas with detailed documentation and impressive 3D renders. Graduate with a career ready portfolio and the real world skills to thrive as a professional Interior Designer.

Study on campus, Live Online with an Educator from home or fully online anywhere, at your own pace. No experience required, just bring your passion for Interiors.

On Campus

/ Intakes in January and July

/ 2 days x 18 months

/ 3 days x 12 months

AUD \$21,990 (GST free)

AUD \$29,090 (GST free)

International students

Units of Study

SDS01 Foundations of Design

Embrace core skills from concept development and drawing to the elements and principles of design. Explore the inspiring world of colour and learn how to create dynamic schemes.

SDS02 Interior Planning and Design

Learn the fundamentals of interior design, site evaluation, space planning for kitchens, bathrooms, living and outdoor spaces and lighting for a range of residential environments.

SDS03 Interior Schemes and 3D Visualisation

Explore all aspects of interior decoration including furniture, textiles, upholstery and window treatments. Visualise your designs in 3D through sketching, model making and perspective drawing.

SDS04 Residential Decoration

Work on a real residential project – from initial client briefing right through to the final presentation. Learn the business skills to identify work opportunities and launch yourself into this exciting industry.

SDS05 AutoCAD and Interior Construction

Learn the fundamentals of interior construction and extend your drawing skills with AutoCAD. Produce an impressive residential documentation package including plans, elevations, sections and joinery to add to your portfolio.

SDS06 Residential Planning

Design, plan and model residential spaces by manipulating 3D space using extensions, voids and stairs. You'll present your ideas using a range of 2D and 3D media.

SDS07 Advanced Colour and Finishes

With a focus on sustainable design practices, you will explore and develop advanced colour, finishes and material schemes and specifications for both interior, exterior and public spaces.

SDS08 SketchUp for Designers

Create realistic 3D models using SketchUp. Then create photorealistic renders and walk throughs using a rendering tool.

SDS09 Small Commercial Design

Learn how to develop a creative concept and translate it into a commercial interior space. You will apply your new skills to design a café or an innovative exhibition space.

SDS10 Workplace Design

Explore the exciting and fast moving world of workplace design including office and retail spaces. Create a joinery package to showcase your documentation skills.

SDS11 Hospitality Design

Develop and apply your conceptual design skills to a range of hospitality spaces including bars and restaurants. Prepare a professional resume and portfolio of work for graduation.
