Are you someone who needs to live a creative life, where no two days are the same? Interior Designers are creative problem solvers who see potential and make real changes in people's everyday lives.

If you're creative, curious, and a big picture thinker who wants to shape the feeling, aesthetic and purpose of the spaces around us, then this is the course for you.

Our Diploma gives you the practical, conceptual and design thinking skills to thrive as a professional Interior Designer in this exciting industry. We'll teach you to see the world differently, with the curious eye of a designer and develop your ability to solve problems creatively and practically.

18 months

\$18,990

No visa required

Design Kit \$660

Be exposed to the latest international design trends and best-practice for residential and commercial interiors including retail, office, cafe, restaurant and bar design.

Present your designs professionally with the latest in-demand 2D drawing and 3D modelling tools, including show-stopping, photorealistic renders.

Graduate with highly relevant skills and a polished portfolio that demonstrates your ability to adapt to the demands of this dynamic industry.

SELF PACED ONLINE

10 hours per week

1-2 years

\$16,945

No visa required

Design Kit included

Should you wish to further your studies, your Diploma of Interior Design will afford you direct entry into a Bachelor of Interior Architecture (Hons) at UNSW including a credit of 12 months.

Units of Study

1 FOUNDATIONS OF DESIGN AND COLOUR

Embrace core skills from concept development and drawing to the elements and principles of design. Explore the inspiring world of colour and learn how to create dynamic schemes.

2 INTERIOR PLANNING AND DESIGN

Learn the fundamentals of interior design, site evaluation, space planning for kitchens, bathrooms, living and outdoor spaces and lighting for a range of residential environments.

3 INTERIOR SCHEMES AND 3D VISUALISATION

Explore all aspects of interior decoration including furniture, textiles, upholstery and window treatments. Visualise your designs in 3D through sketching and perspective drawing.

4 RESIDENTIAL DECORATION

Work on a real residential project – from initial client briefing right through to the final presentation. Learn the business skills to identify work opportunities and launch yourself into this exciting industry.

5 AUTOCAD AND INTERIOR CONSTRUCTION

Learn the fundamentals of interior building construction and develop an impressive set of residential drawings using AutoCAD to add to your portfolio.

6 RESIDENTIAL PLANNING

Design, plan and model residential spaces by manipulating 3D space using extensions, voids and stairs.

7 ADVANCED COLOUR AND FINISHES

Explore and develop advanced colour schemes and materials and sustainable design practices for interior, exterior and public spaces.

8 SKETCHUP FOR DESIGNERS

Create realistic 3D models using SketchUp. Then create photorealistic renders and walk throughs using a rendering tool.

9 SMALL COMMERCIAL DESIGN

Learn how to develop a creative concept and translate it into a commercial interior space. Apply your new skills to design a café or an innovative exhibition space.

10 WORKPLACE DESIGN

Explore the exciting world of workplace design including office and retail spaces. Create a joinery package to showcase your documentation skills.

11 HOSPITALITY DESIGN

Develop and apply your conceptual design skills to a range of hospitality spaces including bars and restaurants.

12 HOTEL DESIGN

Learn how to plan and specify furniture, fittings and finishes for a project to a budget and timeline. Then work as part of a team to design a multi-level hotel including back of house, room types and hospitality and event spaces.

13 RETAIL DESIGN

Extend your knowledge of retail design and embrace the latest thinking on retail roll-outs. Prepare a comprehensive industry standard documentation package to enhance your portfolio.

14 COMMERCIAL DESIGN PROJECTS

Work on a series of complex commercial design projects including aged care and early childhood. Develop a project in a specialist area of design of your choice and gain an understanding of the process involved in managing a design project.
