DESIGN SCHOOL

Shot at DesignBy Them

Welcome to the home of creativity

Create spaces
Shape experiences
Design your future

If interiors light you up, you're exactly where you need to be.

At Sydney Design School, we believe great design can change how people think, feel and behave in a space, and it's a skill you can absolutely learn. More than that, it's a confidence you can build.

No ATAR? No experience? That's okay. Bring your passion and we'll help you shape it into something real. You'll gain hands-on studio experience, learn how to present to clients and develop a unique creative style that sets you apart.

Whether you're starting out, changing direction or finally backing yourself, Sydney Design School is your space to grow. Our personal career service is like no other, with tailored support, industry insight and genuine guidance to help you step into the design world ready, and in demand.

Create work you're proud of. Build a career you love. Choose an award-winning interior design school with a global reputation for outstanding graduates.

10 hours per week
2-3 years
No visa required
Design Kit included (Domestic only)

If you're dreaming of a job where no two days are the same, interior design could be your perfect fit. Interior Designers don't just decorate, they shape the spaces where people live, work, and connect, influencing how we experience the world every day.

Our Diploma is designed for curious, creatives who want to think big and make real change. You'll gain hands-on skills and industry insight to confidently work across both residential and commercial design, from homes and cafes to offices, retail stores, and restaurants.

You'll begin by exploring the foundations of design, from colour to space planning, and put your skills into practice by designing residential spaces for real clients. From there, you'll step into the exciting world of commercial design where you'll bring your creative concepts to life and visualise your ideas using the latest industry 2D and 3D software.

By graduation, you'll have a professional portfolio of work that demonstrates your creativity, technical skill, and readiness to join a design studio or start your own design business. If you're ready to push your skills further, you can continue into our Advanced Diploma of Interior Design, opening doors to even more exciting opportunities.

Start your creative journey today and design a future you'll love.
